Acumatica

Integrated Credit Card Processing for Every Business

APS PAYMENTS

Integrated and Flexible.

Work seamlessly within the business systems you already use to avoid manual entry and reduce error with an integrated payment processing solution.

- Tokenized credit card data simplifies PCI Compliance
- Daily, automatic batch reporting
- Level 3 Processing
- EMV chip functionality
- Multi-currency capable
- ClickToPay integrated invoice portal
- ACH and ClickToPay Direct
- No installation, maintenance, or setup fees
- 24/7 live support

Faster Funding. Fewer Fees.

Credit card and payment processing are just a small part of the APS Payments solutions-driven model. We leverage insider knowledge to secure the best rates and minimize chargebacks for our partners and merchants. If you do not understand your bill, we will educate you on how you are currently priced.

100% PCI/DSS Compliant	Dedicated Training	Tokenized Credit Card Data	Partner-centric Approach

It is not enough to just accept electronic payments. APS Payments works diligently to get you the lowest credit card processing rates, minimize your risk, and provide the best solutions for your business. Batch processing, seamless integrations, and automation tools such as recurring billing increase efficiency and improve cash flow. From multiple payment methods to multiple currencies, we provide trustworthy service for every business and every payment. What's more, we do this all at a negative cost to your company. It's our goal to make payments a breeze.

APSPAYS Vault

The APSPAYS Vault is fully integrated within Acumatica, allowing you to store customer payment credentials for future use. APSPAYS Vault is a 100% PCI-DSS compliant gateway with many reporting tools for reconciliation. Use our tokenized protection and data encryption to further enhance your security.

Save up to 43%

Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and MasterCard B2B transactions. The average small to mid-sized business saves $18,000 per year by providing the comprehensive level 3 data requirements. APS Payments Acumatica integration will automatically send the required data for you, to ensure quick payments at lower costs.

EMV

If you have card-present transactions, APS Payments can provide you a fully integrated EMV credit card terminal with Acumatica. This will eliminate the need for double entry, lower chargeback risk, and lower transaction fees.

ClickToPay

APS ClickToPay is a simple and secure way to have invoices paid, directly from Acumatica to your customers. You simply send a copy of the Acumatica invoice via email, your customer opens the email, and selects which payment method they would like to use. ClickToPay allows your customer to create a profile and save their card or bank account information on file for future payments.

ClickToPay Direct

Introducing the latest advancement in Bank-to-Bank transfers in neatly packaged web check technology. Our exclusive ClickToPay Direct product reduces chargeback replies to 72 hours for B2B transactions while allowing your customers to easily make secure transfers directly through Acumatica.

Every Business. Every Payment.
