

## WHY FYISOFT

Fully integrated with Acumatica, FYIsoft's robust financial reporting features are ideal for the sophisticated needs of growth companies, multi-national entities, and those faced with the challenges of complex consolidation and reporting requirements.

It's now easier than ever for Acumatica customers to take advantage of FYIsoft's cutting-edge cloud financial reporting software. Contact us today and see why 8,500 users rely on FYIsoft to produce financial reports that help them look good every time.

## FEATURES

Everything you'd expect from a top-tier cloud financial report writer, and so much more.

- **Multi-company/GL consolidations**
- **Global currency conversion**
- **Superior interactive drill down capabilities**
- **Easy, flexible setup of reports with time-saving "one and done" approach**
- **Advanced, automated report distribution, accessible 24/7 from any device**
- **Merge non-financial data into reports to calculate KPIs**

All resulting in faster, easier and more accurate period close processes.

**"OUR MONTHLY  
REPORTING PROCESS  
SAVES OUR CLIENTS  
10-14 DAYS."**
