Shopify – Acumatica
Quickstart Bundle
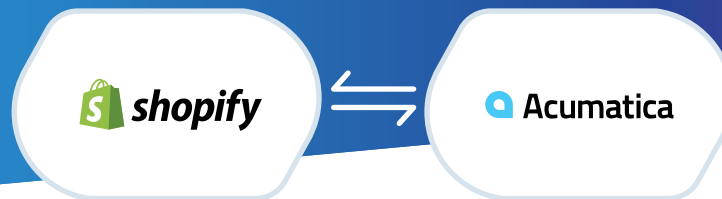

shopify ⇄ **Acumatica**

Whether your Shopify storefront handles hundreds, thousands, or millions of orders, Celigo offers a comprehensive integration solution to streamline and scale eCommerce operations.

Order Management

View and manage orders in Acumatica as soon as shoppers check out

Shipping & Fulfillment

Leverage advanced fulfillment logistics; pick/pack/ship and send real-time shipping information to customers

Inventory Levels

Synchronize stock levels between Acumatica and Shopify to minimize under/overselling products

Products & Variations

Centrally manage item catalog in Acumatica and automatically publish product listings to Shopify

Cancellations & Refunds

Manage cancellations and refunds within Acumatica and make statuses available in Shopify

Key Benefits
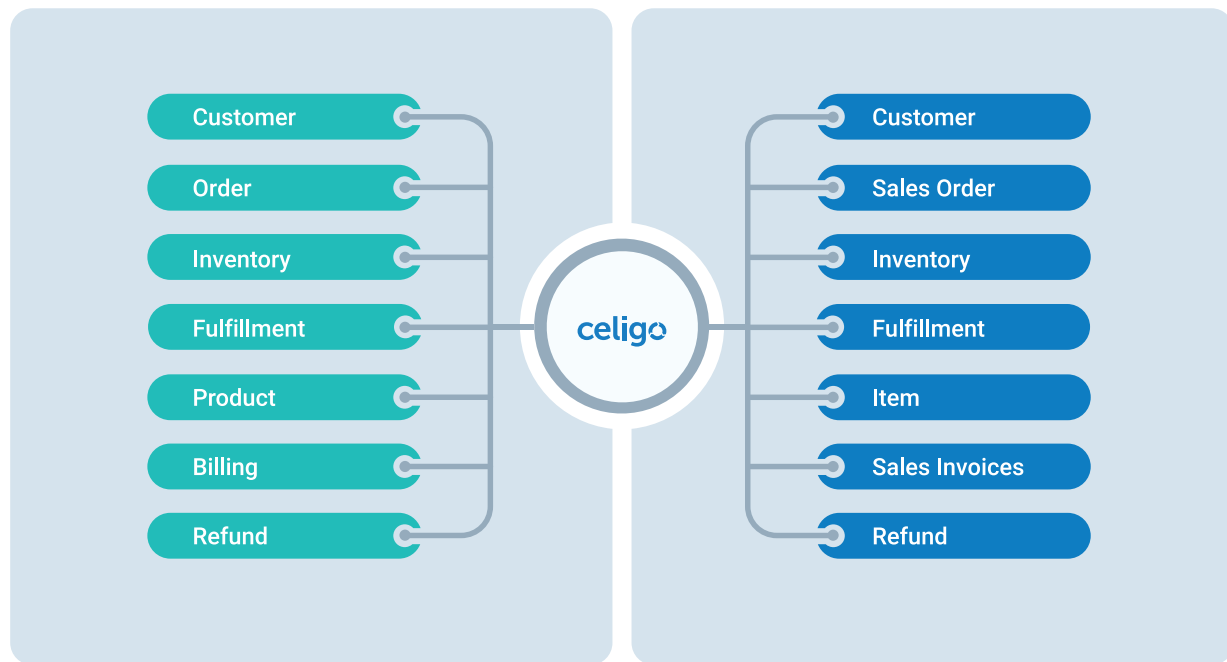

✓ **Optimize buying experience** with timely fulfillment, accurate product availability, and real-time order statuses

✓ **Take control of your integrations** with tools that let you configure and make mapping changes on the fly

✓ **Efficiently scale operations** by automating processes that rely on Acumatica and Shopify platforms

✓ **Reduce maintenance time** with a dashboard for sophisticated error handling and integration support provided by Celigo

Quickly build a fully featured integration for Shopify-Acumatica

Integrate your Shopify stores with Acumatica for timely order fulfillment, accurate product availability, and real-time visibility into order statuses. Celigo's Quickstart Bundle contains prebuilt workflows that can easily be configured and deployed without coding or IT support.
